

Storm Damage Assessment for Primary Homes and Businesses

The State of Arizona has activated the State Emergency Call Center in Support of affected counties across the state, and to help facilitate the recovery process.

The State urges citizens with question about the Preliminary Damage Assessment (PDA) process and reports of disaster-related damage to call the State Emergency Call Center from 8 a.m. to 5 p.m. daily and on weekends. **The statewide phone number is 1-877-464-1144.**

As part of this recovery process for parts of Navajo County that are not tribal lands the following numbers are available for citizen's assistance:

For Damage Assessment Information for the citizens of:

Town of Pinetop-Lakeside	928-368-8696 x 232
City of Show Low	928-532-4061
Un-incorporated areas of Navajo County	928-524-4100

Please have as much information as available about the damage you may have sustained during the recent storms. A good description, photos, and cost estimates are very helpful. The cities and towns as well as the county will be assembling this information for the state.

- Name of owner
- Location/address
- Residential or commercial
- If residential, indicate whether it is a primary or secondary home
- Brief description of damage
- Whether or not the owner has insurance
- Ballpark estimate of the cost of repairs

The information provided by callers is important to the Major Disaster Declaration request process. It is used to determine State eligibility for federal assistance.

Arizona will pursue a Major Disaster Declaration for Individual Assistance and Public Assistance. This request for a Major Disaster Declaration is sent to the President from the Governor, and reliant on information from Individual Assistance and Public Assistance (PDA) Teams. Additional teams will be dispatched to different parts of the State throughout the week.

This is an ongoing effort, but please provide the information as soon as possible.
